

Designed for installation on vehicle dashboards
Controls wiper speed and wash functions
Integrated wiper delay function
Microprocessor-based device

Technical features

Mounting:

Mounts into a 22mm x 44mm dashboard opening

Operating temperature:

-20°F to +160°F (-20°C to +70°C)

Materials:

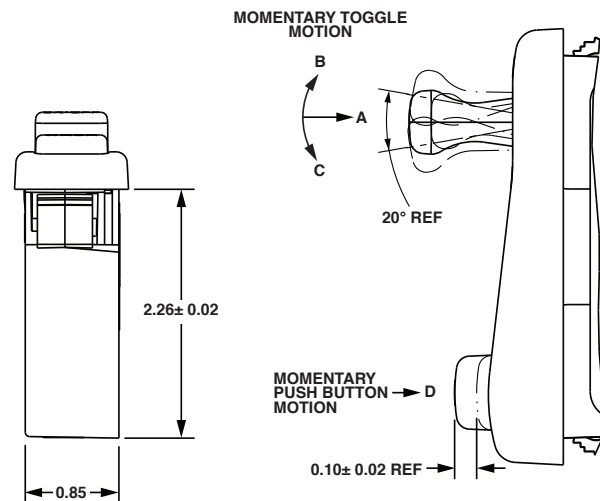

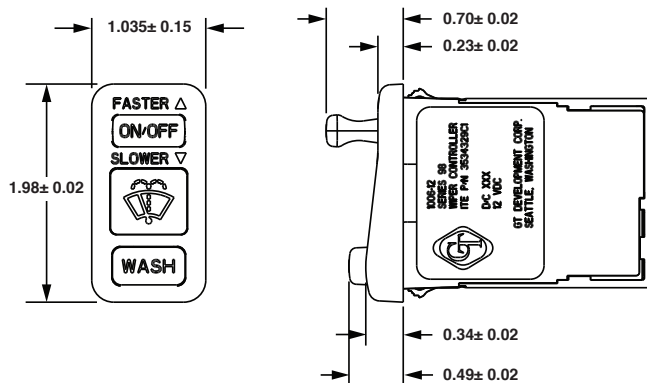

Zytel 72G13 HSIL BK black
nylon 6/6 13% glass

Electrical connection:

8 Pin, PCB mounted
amp connector

Dimensions (Inches)

Models

Model		Nominal Voltage
1006-11	●	12V
